

## Yuchai Power Generation Engine Certified for Off-Road Tier 4 Emission Standards

23/05/22

SINGAPORE, May 23, 2022 /PRNewswire/ -- **China Yuchai International Limited (NYSE: CYD)** ("China Yuchai" or the "Company") a leading manufacturer and distributor of engines for on- and off-road applications in China through its main operating subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL"), announced today that its model YCA05210-D40, independently developed by Yuchai, has successfully been certified for the off-road Tier 4 emission standards, which will be implemented in the beginning of December 2022 in China.

The Yuchai YCA05 series model meets two emission requirements for ratings between 56kW - 130kW and 130kW - 560kW. The YCA05 engine series features CR+DOC+DPF+SCR emission technologies with an efficient SCR injection strategy to reduce the NOx, PM and PN exhaust pollutants. These technologies successfully deliver an efficient combination of energy saving and environmental protection.

The maximum power of the YCA05210-D40 model is 140kW, making it suitable for 80-120kW generator sets. This model is well positioned for the markets of communication systems, power systems, industrial and mining sectors, road and bridge systems, and other off-road applications.

Weng Ming Hoh, President of China Yuchai commented, "We will continue to expand our portfolio of Tier 4 engines to address the large market opportunities within multiple off-road markets. Together with our National VI-compliant engines for on-road applications, our new Tier 4 engines are making an improvement in enhancing air quality in China."

### About China Yuchai International

China Yuchai International Limited, through its subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL"), engages in the manufacture, assembly, and sale of a wide variety of light-, medium- and heavy-duty engines for trucks, buses, passenger vehicles, construction equipment, marine and agriculture applications in China. GYMCL also produces diesel power generators. The engines produced by GYMCL range from diesel to natural gas and hybrid engines. Through its regional sales offices and authorized customer service centers, GYMCL distributes its engines directly to auto OEMs and retailers and provides maintenance and retrofitting services throughout China. Founded in 1951, GYMCL has established a reputable brand name, strong research and development team and significant market share in China with high-quality products and reliable after-sales support. In 2021, GYMCL sold 456,791 engines and is recognized as a leading manufacturer and distributor of engines in China. For more information, please visit <http://www.cvilimited.com>.
