

## China Yuchai Wins China's Highest Product Quality Award

07/04/16

SINGAPORE, April 7, 2016 /PRNewswire/ -- **China Yuchai International Limited (NYSE: CYD)** ("China Yuchai" or the "Company"), a leading manufacturer and distributor of engines in China, announced today that its main operating subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL") has won the China Quality Award Nomination.

This is the second time that GYMCL has won the China Quality Award Nomination and the reason for its win is due to its lean management model of waste reduction and sustainable improvement. GYMCL maintains a quality policy that focuses on "professional, precision, innovation and leadership".

The China Quality Awards, which takes place once every two years, is organized by China's State Council and the National Bureau of Quality Inspection. Representatives from the National Bureau of Quality Inspection, National Development and Reform Council, the Ministry of Industry and Information Technology, the Ministry of Agriculture, and the related research institutes under the State Council conducted the evaluation and selected GYMCL as the winner.

GYMCL is the only company in Guangxi Zhuang Autonomous Region to win this award and has also been awarded the National Quality Award and the Guangxi Governor's Quality award.

Weng Ming Hoh, President of China Yuchai, commented, "This award acknowledges the dedication of our organization to provide innovative products of the highest quality and our expertise in manufacturing diesel, natural gas and hybrid engines."

### **About China Yuchai International**

China Yuchai International Limited, through its subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL"), engages in the manufacture, assembly, and sale of a wide variety of light-, medium- and heavy-duty engines for trucks, buses, passenger vehicles, construction equipment, marine and agriculture applications in China. GYMCL also produces diesel power generators. The engines produced by GYMCL range from diesel to natural gas and hybrid engines. Through its regional sales offices and authorized customer service centers, the Company distributes its engines directly to auto OEMs and retailers and provides maintenance and retrofitting services throughout China. Founded in 1951, GYMCL has established a reputable brand name, strong research and development team and significant market share in China with high-quality products and reliable after-sales support. In 2015, GYMCL sold 364,567 engines and is recognized as a leading manufacturer and distributor of engines in China. For more information, please visit <http://www.cyilimited.com>.
