

China Yuchai Receives Gold Award and Market Performance Award from China Association of Agricultural Machinery Manufacturers

09/11/17

SINGAPORE, Nov. 9, 2017 /PRNewswire/ -- China Yuchai International Limited (NYSE: CYD) ("China Yuchai" or the "Company"), a leading manufacturer and distributor of engines for on-and off-road applications in China through its main operating subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL"), announced today that GYMCL's YC4A series products and YC6J series products won the Gold Award, Product of the Year, 2017 and the Market Performance Award, 2017, respectively.

The awards were presented to GYMCL at the 2017 China Agricultural Machinery Industry Annual Awards Ceremony held in late October 2017 in Wuhan, China, and organized by the China Association of Agricultural Machinery Manufacturers, the China Association of Agricultural Mechanization and the China Agricultural Machinery Distribution Association. GYMCL was one of two engine companies to receive these significant industry awards which were voted on by thousands of agricultural machinery experts and customers.

The YC4A engine is a 4.8-litre engine designed for agriculture applications, especially to propel a variety of cereal harvesters. This engine adopts a high-pressure injection system and an exhaust gas recirculation technology. The YC6J engine is a 6.5-litre engine with a robust design for hostile working environments and is particularly used for heavy duty tractor application.

Mr. Weng Ming Hoh, President of China Yuchai, commented, "We are honored to receive these prestigious awards. These awards are testament to our high performance and quality products. The agriculture market is of great importance in China as it is the government's goal to further enhance farm productivity to provide the proper food supplies to a growing population, already the largest in the world."

About China Yuchai International

China Yuchai International Limited, through its subsidiary, Guangxi Yuchai Machinery Company Limited ("GYMCL"), engages in the manufacture, assembly, and sale of a wide variety of light-, medium- and heavy-duty engines for trucks, buses, passenger vehicles, construction equipment, marine and agriculture applications in China. GYMCL also produces diesel power generators. The engines produced by GYMCL range from diesel to natural gas and hybrid engines. Through its regional sales offices and authorized customer service centers, the Company distributes its engines directly to auto OEMs and retailers and provides maintenance and retrofitting services throughout China. Founded in 1951, GYMCL has established a reputable brand name, strong research and development team and significant market share in China with high-quality products and reliable after-sales support. In 2016, GYMCL sold 320,424 engines and is recognized as a leading manufacturer and distributor of engines in China. For more information, please visit <http://www.cylimited.com>.
